

Sexual and Reproductive Health-Care Service

1. Universitas Padjadjaran Sexual and Reproductive Health Service

Universitas Padjadjaran is firmly committed to advancing sexual and reproductive health through the provision of comprehensive and evidence-based medical services within its healthcare facilities. Key areas of focus include infertility management and obstetrics-gynecology (Obgyn) care, supported by state-of-the-art medical technology and highly qualified professionals. These services aim to address diverse patient needs while maintaining the highest standards of clinical excellence.

The infertility services offered at Universitas Padjadjaran Hospital (RS Unpad) encompass advanced diagnostic techniques, such as fertility assessments and ultrasonography, alongside therapeutic interventions, including intrauterine insemination (IUI). These services are meticulously designed to support couples experiencing reproductive challenges, employing patient-centered approaches that emphasize both clinical efficacy and empathetic care. Complementarily, the obstetrics and gynecology services provide comprehensive maternal health care, antenatal assessments, labor and delivery support, and early detection programs for cervical and breast cancer. Additional services include contraceptive counseling and the management of other reproductive health concerns.

As a dual-purpose institution, Unpad's healthcare facilities, including RS Unpad Klinik Padjadjaran, and other Unpad's services serve both as centers of clinical service and hubs for academic research and education in reproductive health. This integration fosters a dynamic exchange between academic inquiry and practical application, ensuring that medical practices remain aligned with the latest scientific developments. Through these initiatives, Universitas Padjadjaran strives to make a substantial and sustained contribution to the enhancement of sexual and reproductive health outcomes within the broader communication.

FAKULTAS ILMU BUDAYA
Universitas Padjadjaran

KAMU TIDAK PERNAH SENDIRIAN!

Jika menyaksikan atau mengalami langsung pelecehan/kekerasan seksual, segera hubungi kami.

Halo, Bu Dekan
KAMU AMAN DI SINI

0821 1616 2020

Hello, Madam Dean is a preventive and curative service initiated by Universitas Padjadjaran as a commitment to creating a safe and violence-free campus environment. The program offers accessible reporting channels, such as WhatsApp, allowing victims or witnesses of sexual violence to report incidents securely and confidentially. With a sensitive and responsive approach, the service also provides psychological support, legal consultation, and medical referrals for those in need.

This program is part of Unpad’s efforts to implement Ministry of Education Regulation No. 30 of 2021 on the Prevention and Handling of Sexual Violence in Higher Education Institutions. Universitas Padjadjaran strongly condemns all forms of sexual violence and is committed to fostering a campus culture that upholds dignity, equality, and the safety of its academic community. Through *Hello, Madam Dean*, Unpad aims to strengthen protection and empowerment systems for victims and promote an inclusive, violence-free learning environment.
